## *All Of This //*

You're dust kicked in my eyes,  
you're a compliment to me, I wasn't born wise for you to ruin all  
I see, I'm done cos I seek ordinary, you can't give that to me,  
but I have so many ordinary memories of you... and it's not you  
I see when I fall asleep and it's not you I see when I wake  
up... how did we come to this, I just do not know, what  
happened to us, where did you go, am I just too ordinary, can't  
change that about me, I have so many ordinary memories of  
you... her eyes shine she's in tears as I watch and  
burn.. Your world is my prison, your ears never listen and now  
you're doused in blood that spills from my heart, I'm not beaten,  
you lick your lips as I am torn apart, I'm not beaten... it's not  
you I see my love, where have you gone, where are you

how did we come through all of this

## *Shadows //*

All by myself again, another day goes  
wrong, what is going on, and I'm all alone again, in shadows I  
pretend that you're not really gone.... You needed something, I  
gave you everything but you still walked right away... Now  
you're too far away and I can't take this... lets go through this  
again, maybe you'll get it then, maybe you'll understand, and my  
heart's ink in a pen bleeding on a page and spelling out you're  
name... it's not too late, you can justify yourself, it's not too  
late, you can make peace with yourself, look at me, look at what  
you've done to me, admit its all your fault..... it's your  
fault..... now you're too far away and I can't take this

*Your Loss (my closure) //* hyper  
alone this time I know, you have pushed me so,  
want me to hope she says that she has no regret  
eats it, she has her cake and eats it, you know  
want affection you know where I am whenever you  
gone too far... she says she's sad to see me go,  
own, she has her cake and eats it.. I hate you  
barrels empty, gunned down.... gunned down....  
affection, where are you whenever I need atten-

## *My Apology To You //*

anywhere, there's no one like you anywhere, I  
I know I've been blessed..don't wanna let you down, I fear that  
break you, don't wanna let you down, I fear that  
left to say when I can't feel it anymore, reveal  
break me, can I get between your foot and the  
know that I'm not insignificant, I am insecure,  
all I've done  
I am sorry

Plus you are!! I'm better  
so far...she said she dont  
she has her cake and  
shore I am whenever you  
need attention, this has  
she says she's better on her  
face up, sun down  
are you whenever I want  
in

there's not a sight like you  
look up and I see myself and  
I, I fear that I could  
I could break....whats  
ing fears that you will  
or, it's the only place I  
for whats its worth for

Recorded by Sotos at Ashwood studios, Norwich, August/September 2004
